

I thank thee for the
pain

Thou givest me to bear
if it but draw me
nearer thee

For comfort and for care

I thank thee for the
stars above

That guide us thro' the
night

The ships of air and
ships of sea are
guided by their light.

I thank thee for the
sun by day

Though often cloud
hidden

It gives us warmth and
gives us growth and
shades of ~~harsh~~ ^{harsh}
