Hon. N. L. Turnbull,
Hamiota, Man.

Dear Mr. Turnbull:

I am writing to ask a personal favor of you, Mr. Turnbull, in connection with the position of Manitoba King's Printer, for which I have applied.

I understand there are a large number of applicants, and it has just occurred to me that you might be able to say something in my favor where it will have most effect.

This request is, of course, subject to your being both free and desirous of acting as suggested.

Mr. Rice-Jones tells me I am in the first rank as far as experience and ability are concerned but that my age (56) is somewhat against me.

I believe the appointment is to be made within a few days.

Best personal regards -- and thanks.

Yours very truly,

E. T. Hardman

Mr R. L. Turnbull
Member Legislative Assembly.
Harpiseta, Mass.

Dear Mr Turnbull.

Enclosed you will please find
copy of letter being forwarded by me to the
Premier, the Hon. Mr. Stuart-Tarson

I thought you might be sufficiently interested
to know my views regarding the decisions
arrived at by the meeting.

I am writing Mr. M. R. Sutherland asking
him to cooperate with you in an endeavour
to get more prompt action on snow
removal on his & highway that is if it
meets with your approval.

Our train service leaves much to be desired
and the hospital facilities has been urgently
required while roads remained impassable.

Wishing you success during the coming session
Yours very truly
H. Gould.

The Rural Municipality of Woodworth
OFFICE OF
Secretary-Treasurer

KENTON, MAN. February 19th. 1947.

The Hon. Stuart Garson,
Premier of Manitoba,
Legislative Building,
Winnipeg, Man.

Dear Mr. Garson,

I wish to express my appreciation for the invitation to be present at the meeting of Municipal representatives held in the Legislative Building on Friday the 14th.

By reason of the storm we had no mail for almost two weeks and the invitation arrived on the afternoon of the thirteenth and the road blocked made it impossible to be present.

I have this evening read with interest the account given by the Free Press of the gathering and the proposal made to assist the Municipalities by grants to education this is all to the good but the proposals suggested by Mr. Beachell are worthy of consideration as there is quite an increase in the Municipal Commissioner's Levy for 1947.

Regarding relief, does a Municipality which out of its limited resources paid its share of relief without borrowing from the Government receive any recompense.

May I suggest financial consideration be given under the Manitoba Health Plan to the building of hospitals throughout the Province the increased cost of labor and material has made it difficult to supply this necessary service to rural Manitoba.

Yours very truly.

F. J. Gould
