HAPPY COUPLE

Mr. and Mrs. M.E. Clegg who celebrated the 58th anniversary of their wedding were "at home" to friends on Sunday last.

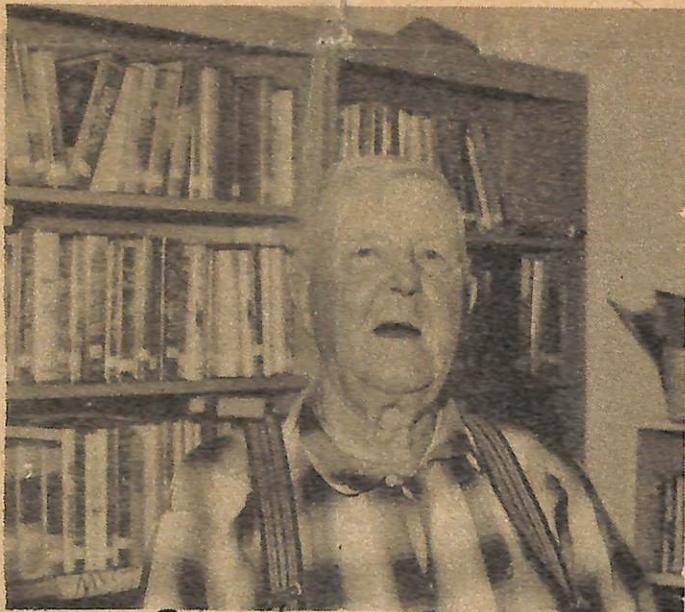

Louisa Beard and Morley Clegg were married at the home of her brother-in-law and sister, the late Mr. and Mrs. R.A. Pengalley at Solsgirth on June 19, 1907. The reception was held at the home of his parents, the late Mr. and Mrs. Robert Clegg, north of Russell, where they lived until 1911 when they came to Binscarth to stay.

Mr. and Mrs. Clegg were blessed with five children: Fanny Graham of Binscarth, Roland, of Arrow River, Man., a baby daughter who died at birth

in 1914, Jim, deceased in 1936 at the age of 18, and Olive of the Royal Canadian Navy who died in active service in 1944. There are six grandchildren and four great granddaughters all of whom were present at their home on Sunday.

Among the guests who called on this anniversary were Mr. D. R. McDonald, Mrs. C. McDonald, Mrs. J. Kieper and Miss E. McLennan, all of Russell, who were present at their wedding reception 58 years ago.

Mr. and Mrs. Clegg both enjoy comparatively good health and still take an active interest in community affairs.

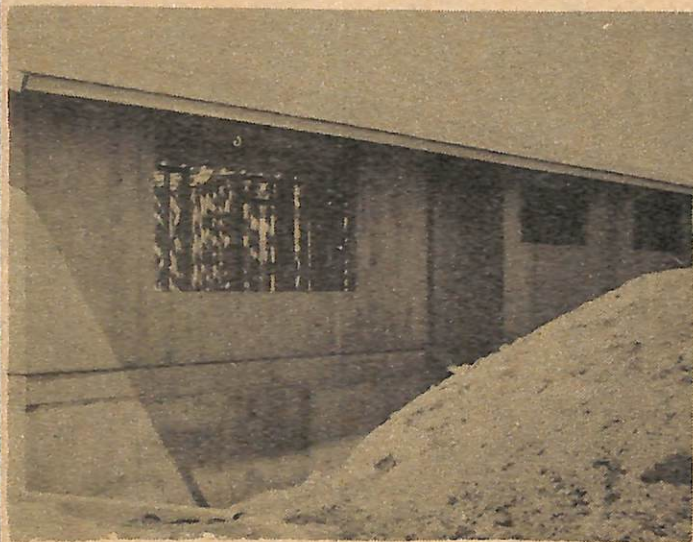

8/7/65 Binscarth.

Ed Davidson celebrated his 84th birthday on Wednesday, July 7th.

Ed is pictured here in his favorite haunt, the Binscarth Library. It was for the relaxation of people that the local Library was es-

tablished and we are happy to note that Ed is amongst those who derive great enjoyment for their leisure hours from books.

Congratulations, Ed and we hope to see you around the place for a long time.

John Braendle's house is nearing the finishing stages. It is a three bedroom house with 1 1/2 baths. And it is long. Boy is this thing long...

Waterworks

Quite a number of citizens turned out to the Public Meeting held last Wednesday, April 7th to find out their opinion on Waterworks for Binscarth. The results of the handed in folders showed 1 against, 4 non-committal, and 62 in favour of waterworks.

On Saturday afternoon the whole Council met. Council at this meeting decided to retain the services of Underwood, Mc Lellan and Associates Ltd. Consulting Engineers, Winnipeg, for work on a survey for a water distribution system.

Council also applied to the Manitoba Water Supply Board for the investigation of Water Supply, Storage and Treatment Works to meet its requirements and presentation of an "Offer of Sale" of water by the board.

On Tuesday morning, April 13th, Mr Adams from the firm of Underwood, etc., was in our town to consult with available councillors about the proposed survey.

The Flood

The little village, nestled in a beautiful valley surrounded by towering mountains is the favourite dream of poets and others who don't know any better. The St. Lazarians do know a different story.

On Sunday, a lovely spring day, the scenery was pretty as always. Then suddenly the picture changed. The snow turned to water and water, as it is wont to do, ran downhill, all the way to the main street of St. Lazare and hence to the Assiniboine.

The water at places was deeper than a foot and to avoid major damage to houses part of the main thoroughfare had to be deepened to get the water away faster. Part of the highway leading down the eastern mountain slope to the village also had to be torn up to prevent any further flooding.

By Sunday night the flow of the waters ebbed and it is hoped will never return.

School Board

On Thursday, April 1st, R. D. Tibbatts, Wm. Paradine, F. Gooda, W. H. Campbell and L. E. Cain gathered to discuss the business of the school.

After reading and adoption of the minutes, accounts were presented for payment and passed:

Salaries	1945.80
Substitute Teachers	65.00
Transportation	1988.12
Clean. & Caretaking	157.84
Administration	97.67
Repair & Maintenance	77.00
Fuel and Light	195.20
School Supplies	5.25
Sundry	7.00

The total amount is 4538.88, no April Fool joke.

School hours for after Easter were set at 9 to 12 a.m. & 1:30 to 4 p.m.

The bargaining committee for teachers, chaired by Don Smith from Rosburn was at hand to bargain for a wage increase. Nothing was settled & the meeting ended on this happy note.

COUNCIL MEETING

Council met at a regular meeting on Tuesday, April 6. Mayor B. M. Murray and Councillors Braendle, Molson, Wasslen and Yankoskie were present. Minutes were read and approved of the meetings of March 9th, 11th, 13th, 22nd and 25th. At five bucks a shot these meetings would amount to a handy sum. Alas and alack! Councillors get only paid for attending at one monthly regular meeting. Anything else is extra-curricular activity and gratis.

A resolution on a hospital district came up for discussion and Council did not sign this resolution and will send a letter of explanation to the Department of Health. The matter is this: If Council signs a resolution to be included in a proposed hospital district, a vote will eventually be taken. As in the proposed district of Russell, Russell would have a clear majority of votes, it is therefore a foregone conclusion that vote will pass. No matter what the residents of Binscarth want. Council would, by signing this resolution, actually commit the taxpayers to an other tax increase of about 2 mills. In Council's consideration the whole thing would be undemocratic.

Council was also informed that the village of Binscarth will have to take over the administration of the cemetery. The R. M. of Russell quit the business and Binscarth will now be selling plots.

Councillor Molson and Mrs D. H. Schwanke were again appointed to the Library Board. Accounts were passed:

Water Tank	124.86
Street Lights	125.32
Caretaking	6.30

The easy way out

Once again it's Easter. Lent is over and Christians rejoice in the resurrection of Christ. Easter is the high-point of a time of reappraisal with the Christian church. The Anglican Church asked Pierre Berton to write a special book for lenten studies: The Comfortable Pew. The United Church followed suit with another work showing the fallacies and foibles of itself.

Have these critical mirrors any result? One of the biggest handicaps of the organized church is just that. It is organized. An institution. Therein lies its gravest danger.

The United Church has taken a severe stand against alcohol. Many are the resolutions urging something akin to prohibition.

Alcoholics Anonymous works with the individual for whom alcohol is a danger. They make no blanket statement that alcohol is bad; they say rather: "Alcohol is bad for you, for you alcohol is a danger".

Alcoholics Anonymous succeeds where the Christian church fails.

Religion and the moral concepts that go with it are personal matters. They cannot be enforced on anyone.

Of course we have to consider that it is easier for me to urge the church for some resolution to urge the government to How much more inconvenient to help my friend and neighbor — provided he needs help — by talking to him or by example.

I might get involved! Yet this is Christianity. You love your neighbor and become personally involved with him in his problems.

Resolutions belong to parties and groups organized to promote something by law or enforcement. Personal involvement belongs to the Christian.

Musical Festival

Musical Festival will soon be with us. 650 entries have been arranged into a program that should be of interest to all. Birtle will be the host this year, and the adjudicators are: Music - Mr Lucien Needham, Brandon; Speech - Mrs Kaye Rowe, Brandon; and Folk Dancing - Mrs K. Kennedy, Winnipeg.

Mr Needham, a native of Hull, England, graduated from the Guildhall School of Music in London. In 1956, after being awarded the Carl Meyer Memorial Prize, Mr Needham accepted the post of permanent conductor of the Winnipeg Philharmonic Choir. Since 1960 he has been a teacher of singing in Winnipeg and Brandon and is also an associate professor of Theoretical Subjects at Brandon College.

About a dozen car owners took advantage of the plugged up culvert at Hall's corner on Sunday morning. Sid Willis was busy pumping the accumulated water across the street when the car owners were hit with the idea of using the water to wash their vehicles.

The Big Feed

The Chamber of Commerce will have its Dinner Meeting on Wednesday night, April 21 in the United Church basement. Only a limited number of tickets are left and may be obtained from the Secretary, Mrs N. L. Reichmuth.

At this meeting there will be a guest speaker from the Estherhazy Potash Mine and possibly a film.

Parliament News

by J. N. Mandziuk, M. P.

The second session of this Parliament closed at 2:55 a.m. on April 13th. What did the long, 248-day session accomplish?

There are two measures that stand out, which due to their importance were controversial and time-consuming. One was the new Canadian flag which took up 33 days of debate in the House of Commons. It might be worth noting that it did not take that many hours to pass the Senate!

The second is the contributory pension legislation. This took nineteen days and is now the law of the land. But no one is the wiser as to what pension he or she who contributes may expect, as even the expert actuaries disagree! The second look at this Bill in the Upper Chamber did not take many hours.

The Bilingualism and Biculturalism Commission established in 1963 has created some commotion in its travels through the length and breadth of Canada. It was set up to enquire specifically into the aspects of bilingualism in the federal administration; to recommend ways in which public and private organizations, including the communications media, could promote better relations between the two language groups; to give consideration to contributions made by other ethnic groups to the cultural enrichment of Canada; and to discuss with the provincial authorities what could be done to enable Canadians to become bilingual. At the moment they are making a research into what I consider the private lives and political attitudes of Members of Parliament, and indications are that the Commission will put the senators and all civil servants through the same wringer! This Commission which is composed of ten members now has a staff of nearly 150 experts, advisers and investigators.

Rev. G. Stewart enquired about using commercial fertilizer in his garden not too long ago. Home gardeners will be making their plans for this spring and have in some cases started their transplants. The use of fertilizer is a question we are often asked. The Dept. of Plant Science, University of Manitoba, has prepared a publication called "Fertilizer recommendations for the home garden". This is publication No 418 and you may have a free copy by dropping in to the office, giving us a telephone call or writing.

There are also many varieties of garden seeds available from the stores. Booklets listing the recommended varieties

Spotlight on Sports

No one seems to be sad that the winter sports are over. The bright sunny weather seems to bring out the smiles with a different brightness than in the loooong winter months.

We finally received the word on the ladies' curling in the Russell Farmers' Bonspiel. A Binscarth rink skipped by Connie Paradine won first in the first event. Elva Thompson, Irene Tibbatts and Mrs. Yeski were Connie's corps. They defeated Mrs. Craig from Dropmore.

Last but not least we must not leave out the efforts of Murial Rice and Lottie Gray who won their first game and then dropped two in a row. The women are not the only ones who do this are they, men?

Merve Paradine got second in the 1st event in the Shirtsleeve Bonspiel as he came up against a group of eager Beavers, managers of Beaver Lumber Yards from Russell, Inglis and Roblin. The skip Mr. Yates is the new Beaver Lumber manager in Russell.

Merve and his crew won chairs. We hope that this does not keep them from getting out to work. But there won't be much more work done until the hockey play-offs are all finished.

Bill Burnett won the 4th event at Russell. Bill reported that Mac Murray got third in the 5th event so we are up to date on the Binscarth curlers. Bill may become known as the most temperate minded curler in the area. Seems that during his second last game one of the opposition hid a flask behind the bumper board. Bill let one go and it crashed into the bumper hard enough to smash the flask. Bill the flask smasher will have to live this one down.

Cy Tibbatts would have had a better chance to be a winner if his rink hadn't waited so long in calling upon him to get them a win. We better watch out next year if Cy takes his rink into the club curling to get them into shape. They do need some good coaching and some discipline Cy, and we don't envy you your task.

Attention Binscarth curlers - The wind-up dinner and dance will be held this Saturday, April 17th, in the Memorial Hall starting at 6 p.m. The dinner is to be a pot luck one served buffet style and you will be hearing more from your skips. There will be a 75 cent charge to cover the cost of hall rental and orchestra. Non-curling partners of club members are cordially invited.

Hockey Fans DON'T DESPAIR! Plans are underway to have T.V. set up in the club room so you can watch our national sport - wrestling on ice - Lady stag - or doe - lines will be formed next door to take care of the men who aren't interested in the big game. (Some hope.)

conditions hang on until April as they have this year, the consequences can often be disastrous.

Our upland game birds came through considerably better than was the case in the western prairies where quite heavy kills have been reported. Fortunately, throughout most of the winter there was little or no crust on the Manitoba snow and as a result the Sharptails and Hungarian Partridges managed to eke out a meagre living from seeds buds and the bits of grain & so forth they picked up along the roadsides. However, with the Pheasants in western Saskatchewan and Alberta it was a tragic problem and the losses were heavy.

The same lack of crust on

the snow helped our White-tail Deer population but these again are really feeling the pinch with big snow drifts still piled up in the poplar bluffs where their favorite browse is located. However, it is hoped that a quick spring thaw will save most of our herd. They have only just nicely recovered from the tragic winterkill of a few years ago.

ARGO — In loving memory of our dear mother and grand mother who fell asleep April 27th, 1964.
What it meant to lose you, Mom,
No one will ever know.
A silent thought, a secret tear,
Keeps your memory very dear.
Your life was love and labor,
Your love for your family true.
